iRoom's **fixDock** or **fixDock mini for the iPad** is a stylish and affordable non-removeable tablet in-wall solution. The fixDock comes along with the installation backbox. The tablet is continuously so always ready for action! Whether you want to use the tablet as a music center or streaming source, as an electronic photo frame or as a control system, iRoom's **fixDock** is the most stylish solution. In order to prevent the tablet from being stolen iRoom is also offering a Security kit accessory (not included).
